Per quanto riguarda i comuni di Montemilone e Maschito, sul sito web dell'Amministrazione comunale non sono disponibili gli elaborati del proprio strumento urbanistico, pur essendo specificatamente richiesti dalle vigenti disposizioni in tema di Trasparenza. Sulla base della classificazione della Carta dell'Uso del Suolo si presume che le aree coinvolte dal progetto ricadono in zona agricola poiché interessate prevalentemente da seminativi. L'attuale strumento urbanistico vigente del comune di Venosa non analizza compiutamente le aree di progetto; ad ogni modo sono consentiti sul territorio comunale regimi d'uso tecnico e tecnologico, con riferimento a strutture tecnologiche e relativi impianti (TN1). Dalla consultazione del regolamento edilizio ed in quello urbanistico, si evince che non vi sono vincoli urbanistici escludenti il progetto in esame.
