

LEGENDA

— Nuova sezione 150 kV

The drawing consists of two parts: an elevation view at the top and a plan view at the bottom.

Elevation View: Shows the vertical structure of the bridge. On the left, a section of the bridge deck is shown with a height of 7.50 above a datum of 0.00. The main span of the bridge is supported by a central pier and four side piers. The right side of the bridge deck is at an elevation of 4.50. The structure includes various components like girders, beams, and supports.

Plan View: Shows the horizontal layout of the bridge. The total length is divided into several segments with the following dimensions (from left to right): 2.20, 2.20, 6.00, 2.20, 2.20, 6.50, 7.50, 2.10, 2.20, and 2.20. The segments are separated by vertical lines indicating the positions of the piers and the bridge ends.
