

Table listing materials for concrete, reinforcement, and other components with their respective specifications and quantities.

RETE METALLICHE: Description of metal mesh specifications, including mesh size and weight.

TUBI IN VETROBISMA (CARATTERISTICO DEL CONCRETO): Specifications for glass fiber reinforced tubes used in concrete.

RETE METALLICHE: Additional specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Further specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Final specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Additional specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Further specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Final specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Additional specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Further specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Final specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Additional specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Further specifications for metal mesh, including mesh size and weight.

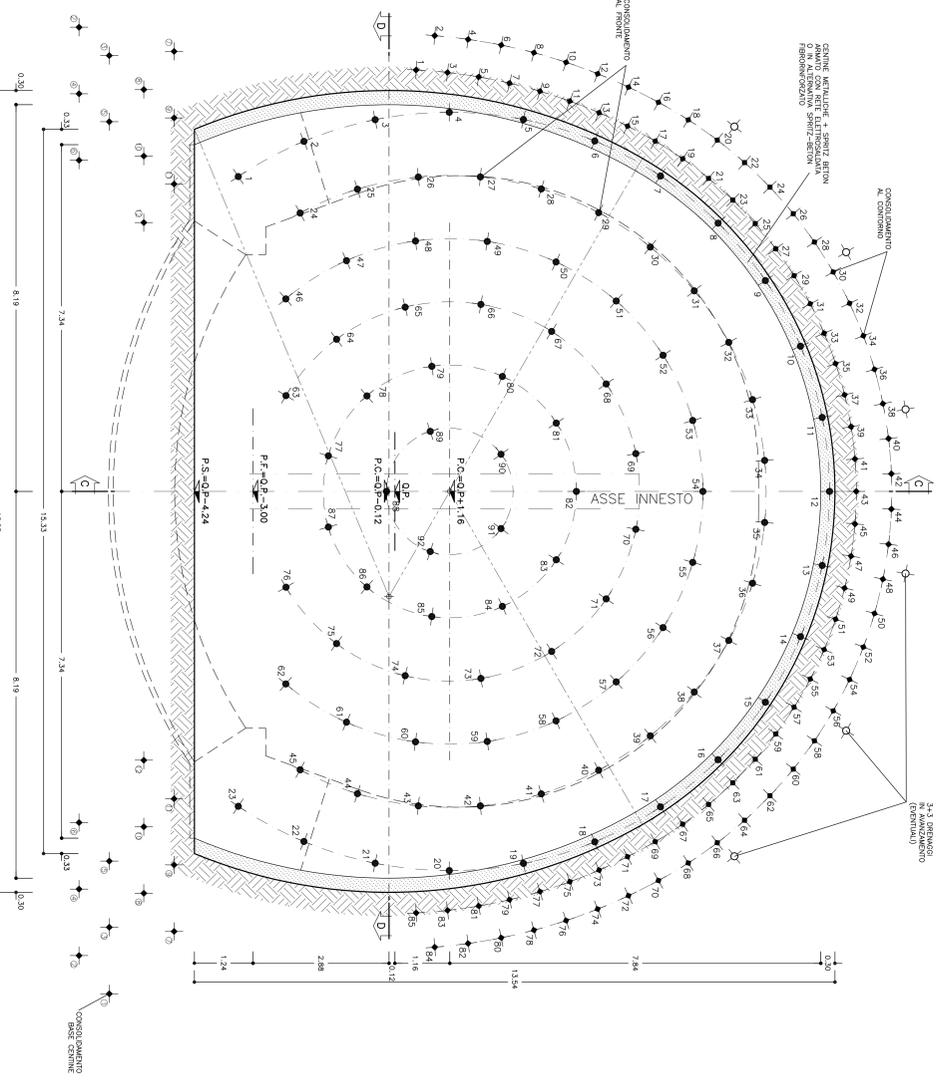

RETE METALLICHE: Final specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Additional specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Further specifications for metal mesh, including mesh size and weight.

RETE METALLICHE: Final specifications for metal mesh, including mesh size and weight.

SEZIONE B-B

SEZIONE A-A

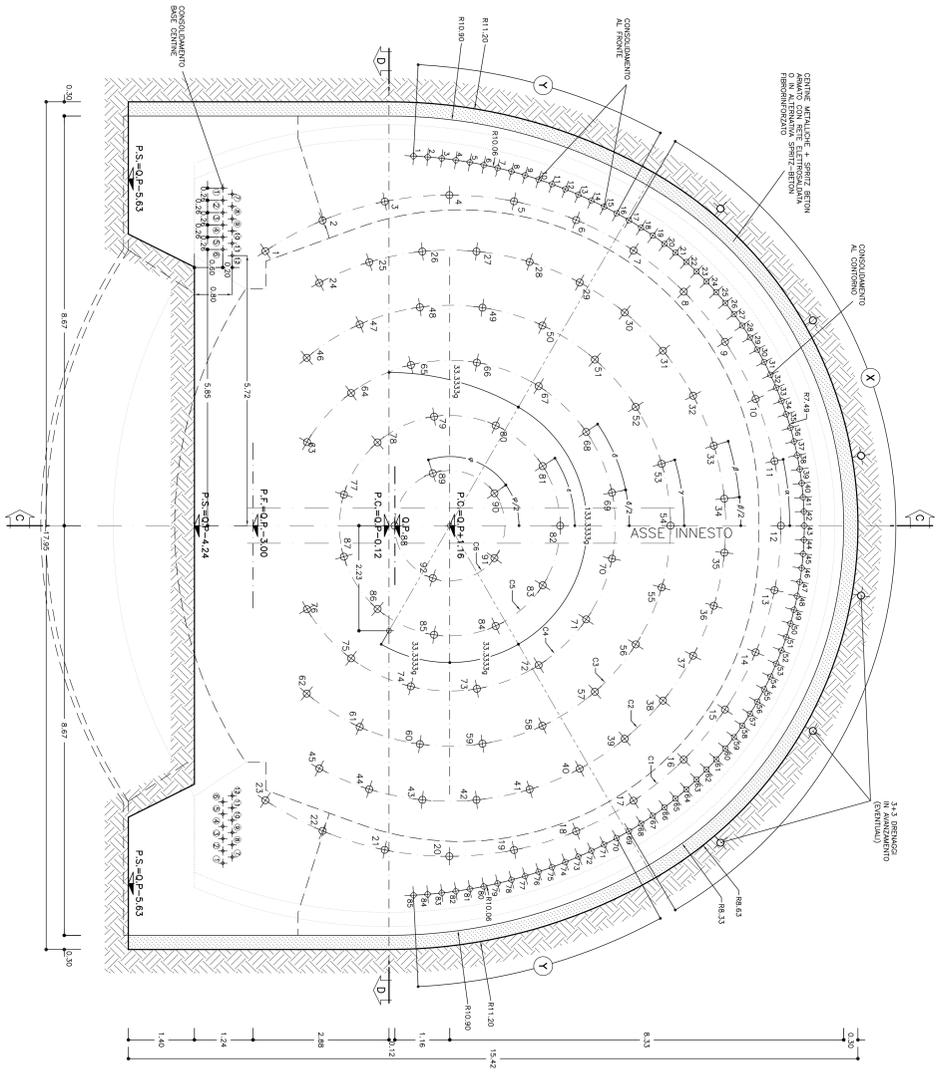

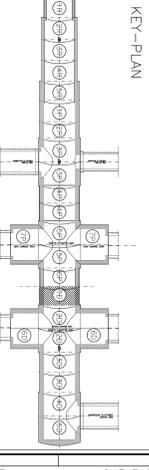

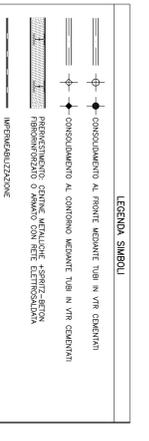

Table with 4 columns: PROSPETTIVE, LINEEZZA, INCASSAMENTO VERTICALE, INCASSAMENTO ORIZZONTALE. Lists various structural details and their dimensions.

Table with 4 columns: CANTIERE, NUMERO, LINEEZZA, SOGGETTO, INCASSAMENTO, ANNO. Lists construction site details and dates.

Table with 4 columns: NUMERO, ANNO, LINEEZZA, SOGGETTO, INCASSAMENTO, ANNO. Lists construction site details and dates.

Table with 4 columns: NUMERO, ANNO, LINEEZZA, SOGGETTO, INCASSAMENTO, ANNO. Lists construction site details and dates.

Table with 2 columns: SINTONO, CARATTERI. Lists symbols and their corresponding characteristics.

KEY-PLAN text: P.C. = PIANO DEL CENTRO, P.S. = OROLO PROSPETTO, P.F. = PIANO DI BASE.

LEGENDA: Legend defining symbols for reinforcement and consolidation types.

RETE METALLICHE: Specifications for metal mesh.

TUBI IN VETROBISMA: Specifications for glass fiber reinforced tubes.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.

RETE METALLICHE: Additional specifications for metal mesh.

RETE METALLICHE: Further specifications for metal mesh.

RETE METALLICHE: Final specifications for metal mesh.
