Oggetto: Prevent and stop Oil drillings in Adriatic sea

E.prot DVA - 2015 - 0009935 del 14/04/2015

Dear people, brothers and sisters,

Our planet, all living creatures, and all humans, we are all same organism.

We all know things are not good, the way we live. Harming our environment that we are so connected with, we are harming ourselves as well.

WE - YOU, YOUR FRIENDS, YOUR FAMILY, ME AND MY FRIENDS AND FAMILY - US ALL TOGETHER can change our future for better. And in such a way that quality of our lives will not be compromised. But it will be better.

Money won't save us when time comes to pay for all the sh*t we do to our environment. Because we are cells of it and right now we are bed ones making the planet sick.

Let's change that.

And yes, it is that easy.

With love and respect,

Anja Novkovic
