

3D cutaway diagram of the Cor-Ten tower. The diagram illustrates the internal structure, including a central vertical shaft, a spiral staircase, and a large cylindrical structure. Labels indicate the 'GRIGLIE ANTINTRUSIONE' (anti-intrusion grilles) and the 'LAMERA D' ACCIAIO AL COR-TEN' (Cor-Ten steel plate). The diagram shows the tower's foundation and the surrounding environment.

A 3D architectural rendering of a tall, brown, cylindrical structure, possibly a chimney or tower. The structure has a spiral ramp or staircase winding around its base. It is set on a textured, grey base. A thin vertical line extends from the top of the structure.

A 3D architectural rendering of a modern building. The building features a prominent, curved, reddish-brown facade. A spiral ramp or staircase is visible on the right side of the building. The building is situated on a base that appears to be a mix of green grass and a grey, textured material. A tall, thin, white antenna or tower is positioned behind the building. The overall style is clean and minimalist.

PORTA D'INGRESSO A CHIUSURA STAGNA

SCALA D'ACCIAIO CON GRADINI IN PREV.

LAMIERA INTERNA D'ACCIAIO VERNICIATA

Architectural section drawing of a building facade. The drawing shows a central vertical shaft with horizontal louvers. The shaft is flanked by two vertical sections, each containing a staircase. The drawing includes elevation markers (44.80, 44.30, 39.60, 31.48) and dimensions (0.20, 0.80, 0.80, 0.80, 0.20, 4.12, 8.82, 4.00, 0.70, 2.50, 0.50). Labels include 'UFFICIO', 'ESPUSSIONE', and 'ASPIRAZIONE'.

B

A 3D cutaway diagram of a building's mechanical system. The diagram shows a building with a green roof and a yellow ground area. A large, dark grey vertical duct (chimney) rises from the building's interior, passing through the roof and extending above the roofline. A red cylindrical component is visible at the top of the duct. A label 'CAMINO D'ESPULSIONE' points to the upper part of the duct. Another label 'CAMINO D'ASPIRAZIONE' points to the lower part of the duct, which is shown with a spiral staircase inside. The diagram illustrates the flow of air from the building's interior through the duct system to the exterior.
