

NOTE

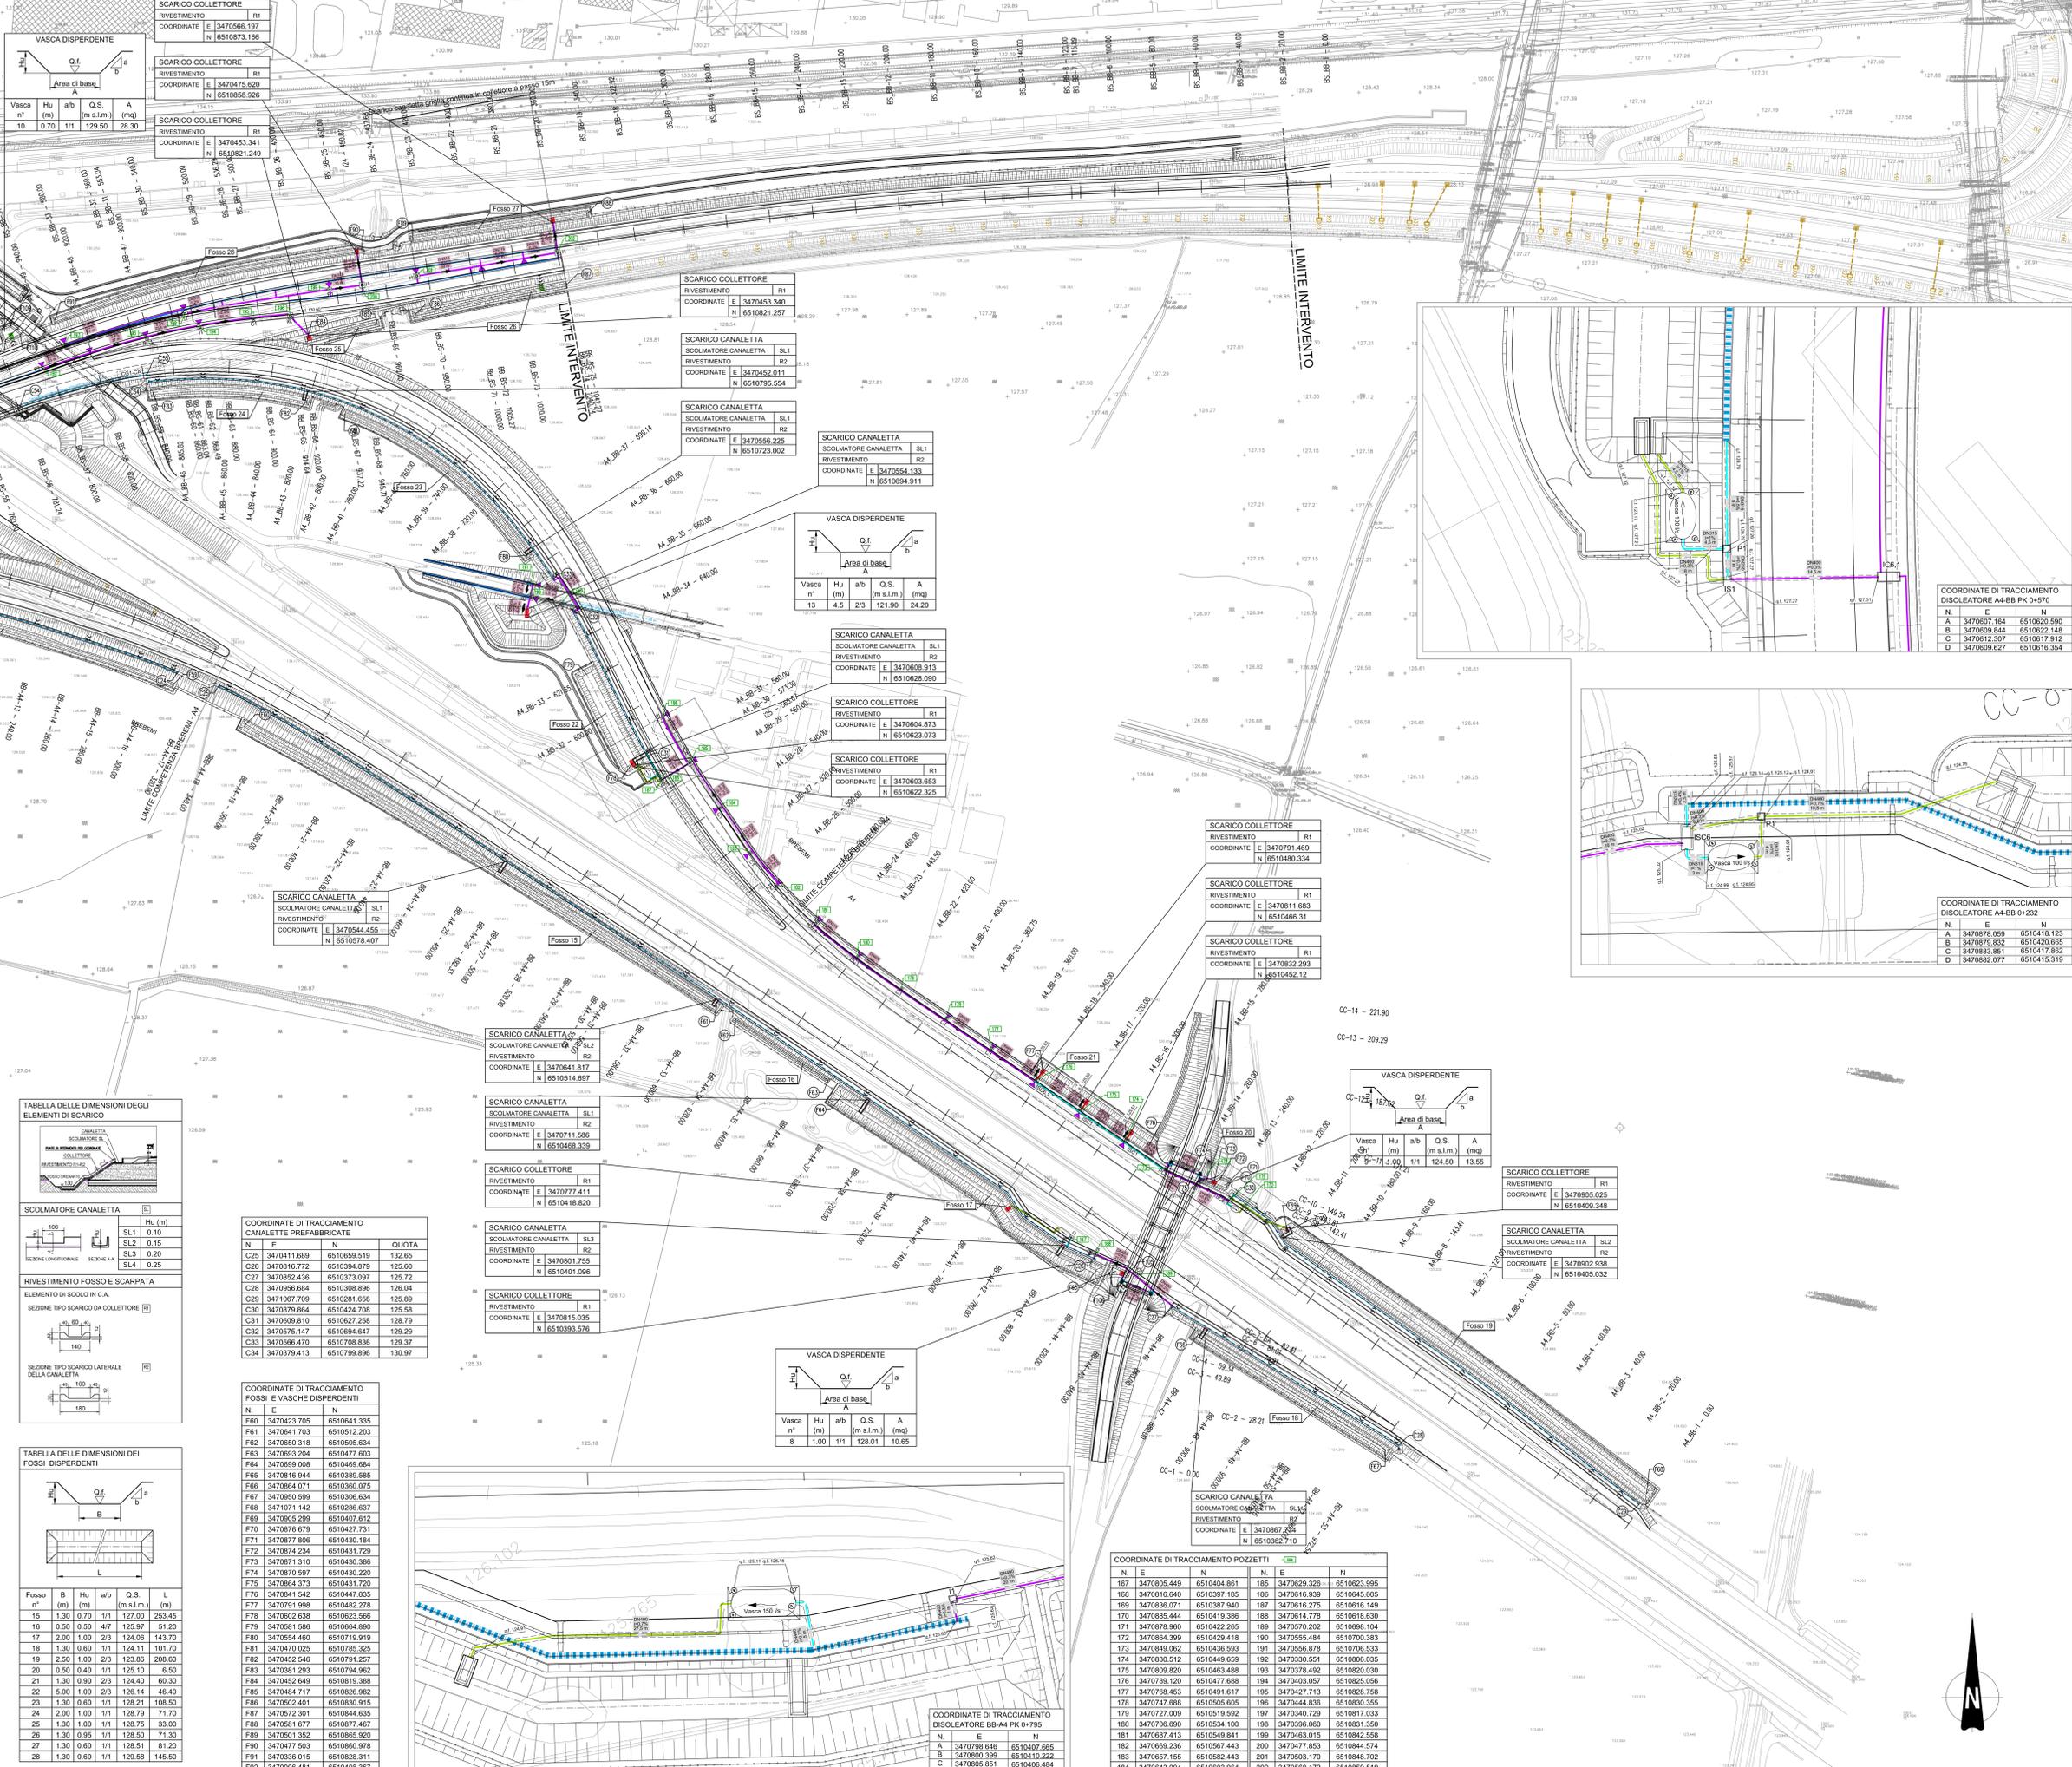

LEGENDA

Legend and notes section containing various symbols for pipes, manholes, and structures, along with descriptive text for each.

QUADRO DI UNIONE

Project title block and administrative information, including the name of the project, the client, the contractor, and the project manager.

Technical drawings showing the dimensions of various elements like manholes and structures, including cross-sections and plan views.

Table with dimensions of various elements, including manholes and structures, with columns for element type, dimensions, and coordinates.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

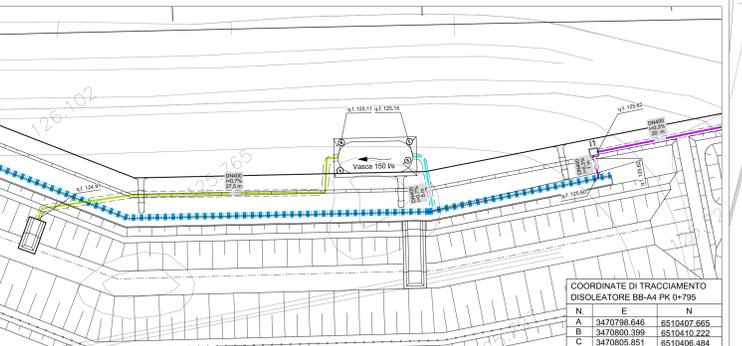

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Technical drawing of a manhole structure, showing its internal and external dimensions and construction details.

Table with dimensions of various elements, including manholes and structures, with columns for element type, dimensions, and coordinates.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.

Table with coordinates of manholes and structures, including columns for element type, coordinates, and dimensions.
