**DESCRIZIONE DELL'INTERVENTO:**  
 La messa a dimora delle essenze arboree e arbustive (Intervento tipo A) è necessaria per il ripristino delle aree scarpate e per la manutenzione delle scarpate e quelle attigue. Per motivi di sicurezza stradale (ridurre il rischio di collisione con autoveicoli) saranno piantumate essenze arboree e arbustive con attitudine per gli autoveicoli.

**NOTA:**  
 L'attuazione delle scarpate e dei trinceati indicatori in quanto lo stesso avverrà secondo i fasce di impianto previsti.
