

MAPPA ACUSTICA ANTE OPERAM - STATO ATTUALE
PERIODO DI RIFERIMENTO NOTTURNO

The map displays the acoustic environment around Campogiochi La Sorgente during the night period. The noise levels are represented by a color gradient: green for low noise, yellow for moderate noise, and red for high noise. A prominent red line indicates the highest noise levels, which are concentrated along a specific path or road. Yellow and orange lines show the decreasing noise levels as distance from the source increases. The map includes topographic contours, building footprints, and a dashed blue line representing a boundary or road. A north arrow is located in the bottom left corner.
