

UBICAZIONE INDAGINI GEOFISICHE

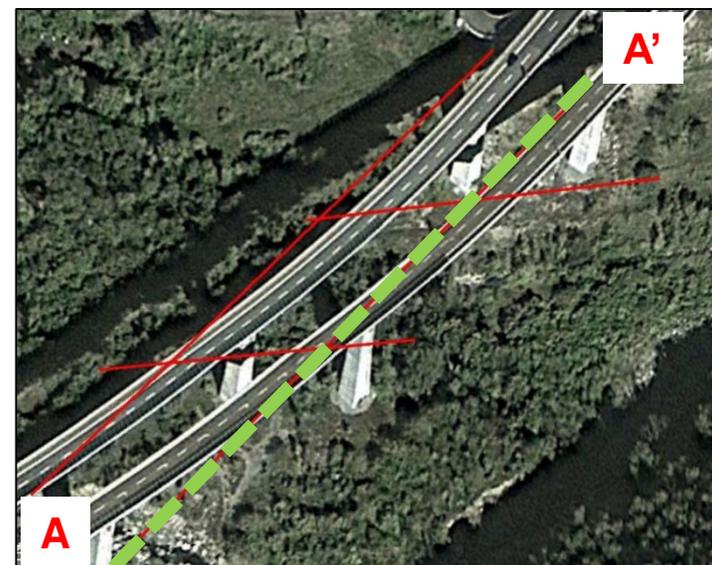

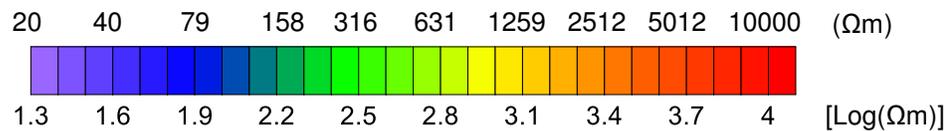

- A — A'**
Traccia sezione sismica in onde P (SIS)
- A - - A'**
Traccia sezione elettrica (ERT)

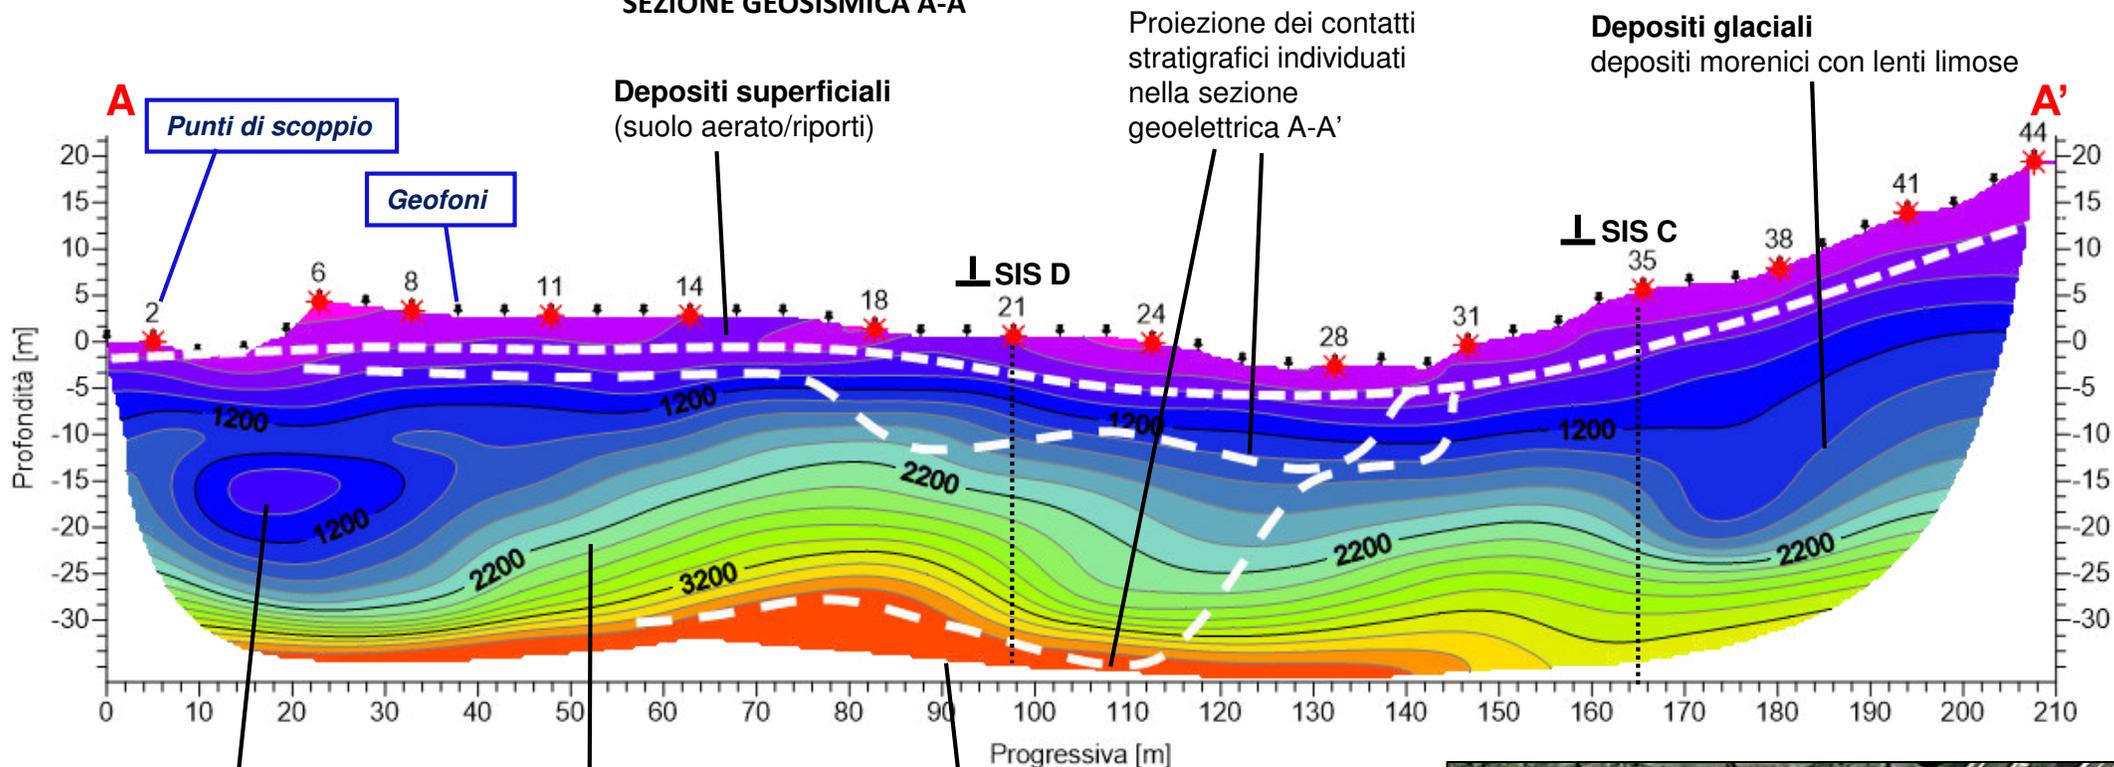

Depositi grossolani (ghiaie e trovanti in matrice sabbiosa)
Depositi fluvioglaciali/alluvionali

Depositi glaciali (rimaneggiati in superficie)
depositi morenici con lenti limose

Scala colori – Resistività elettrica

SEZIONE GEOSISMICA A-A'

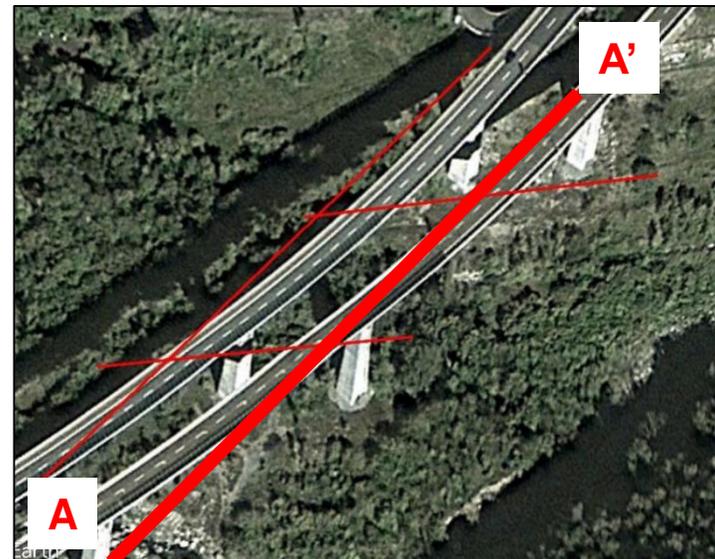

Inversione di velocità (riduzione del grado di addensamento) nei depositi grossolani

Depositi grossolani (ghiaie e trovanti in matrice sabbiosa)
Depositi fluvioglaciali/alluvionali

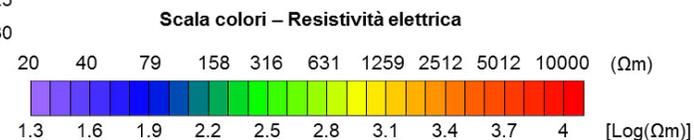

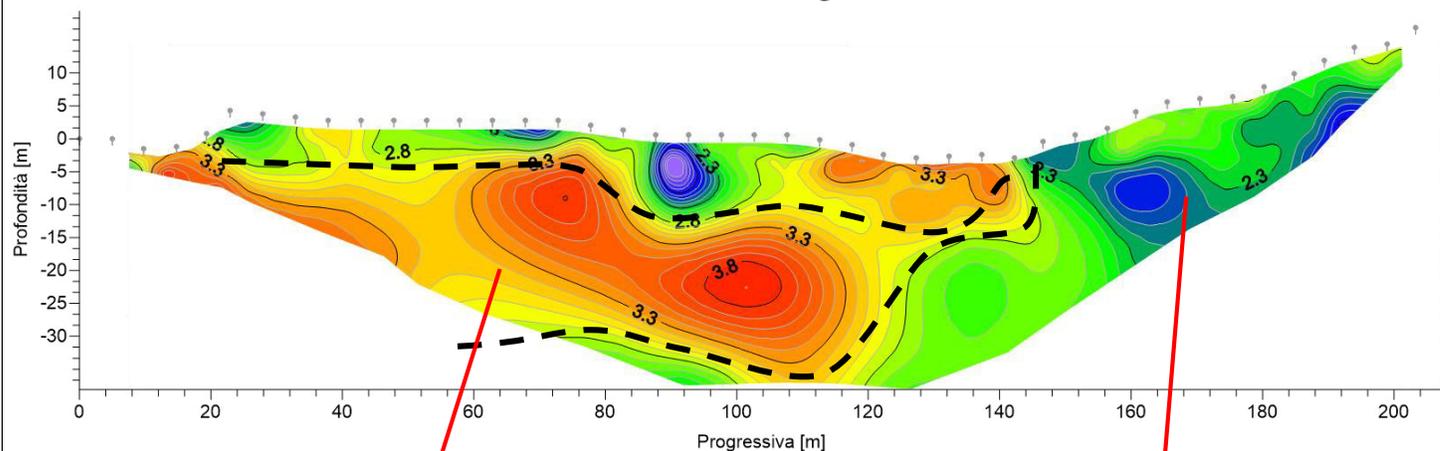

Depositi glaciali
depositi morenici con lenti limose

Scala colori - Velocità onde di compressione

CONFRONTO TRA LA SEZIONE GEOELETRICA E LA SEZIONE GEOSISMICA A-A'

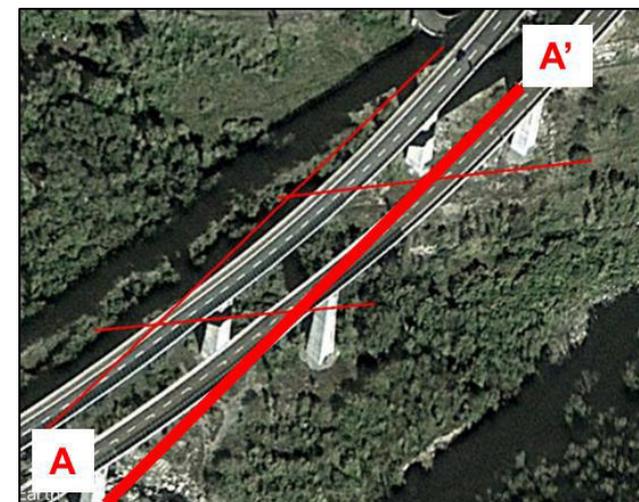

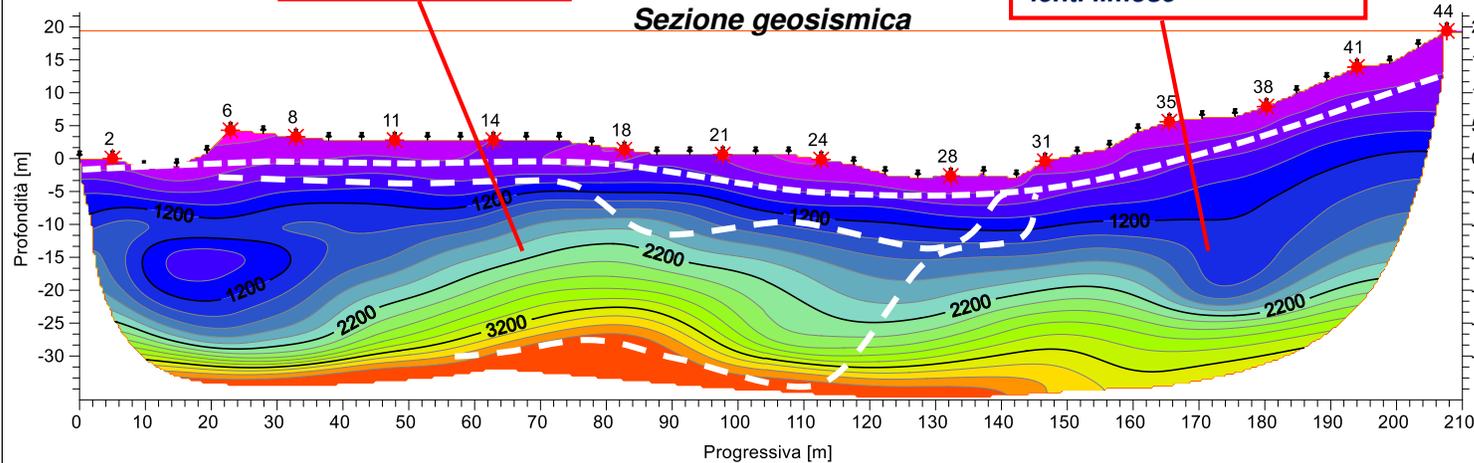

Sezione geoelettrica

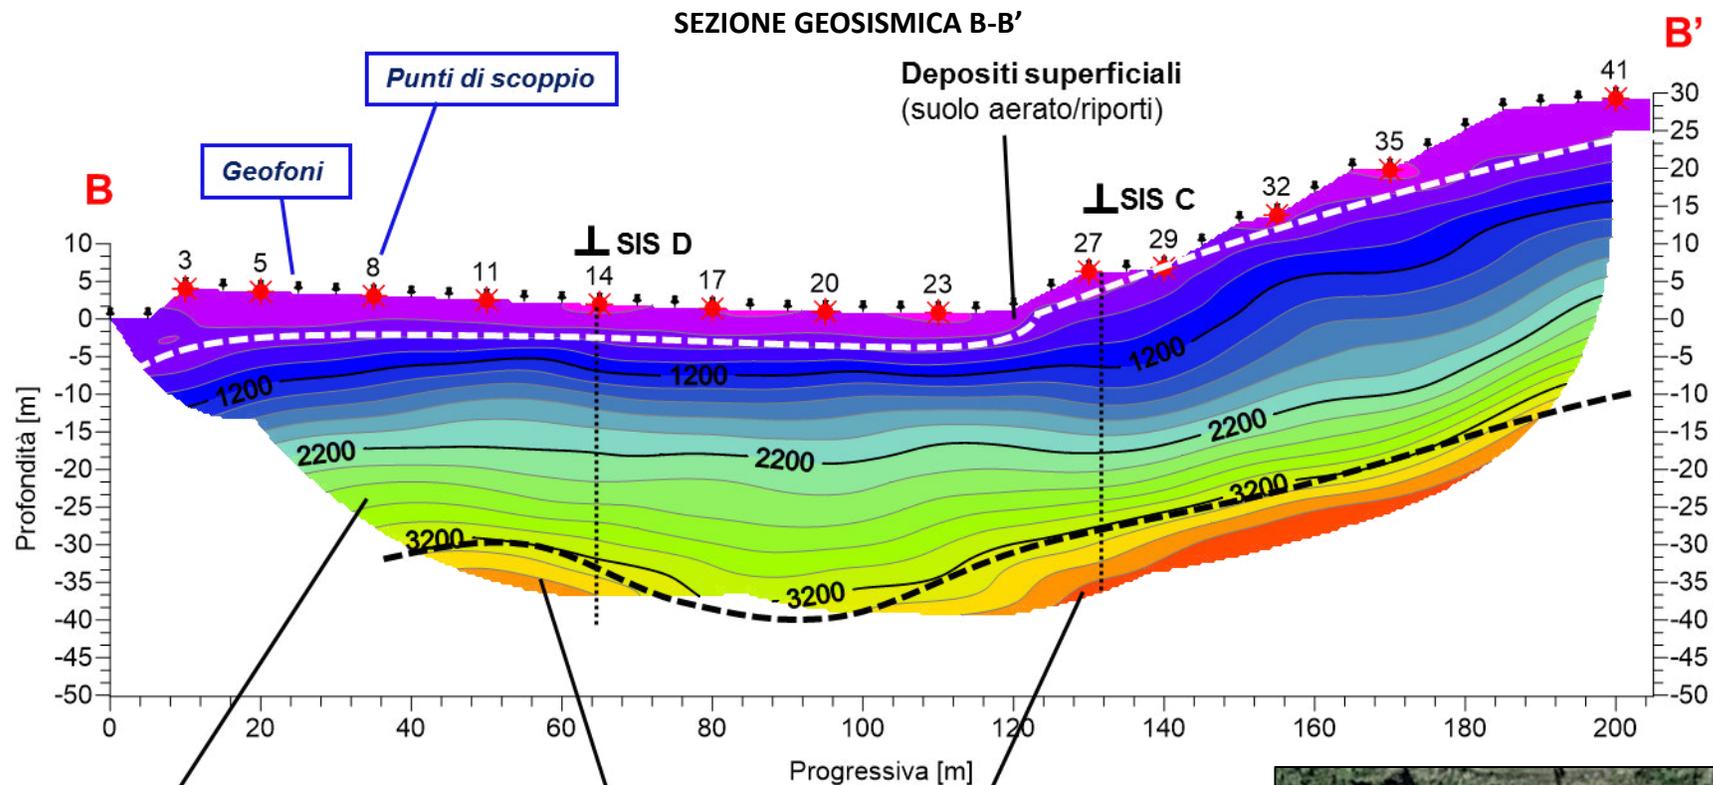

Depositi grossolani

Depositi morenici con lenti limose

Sezione geosismica

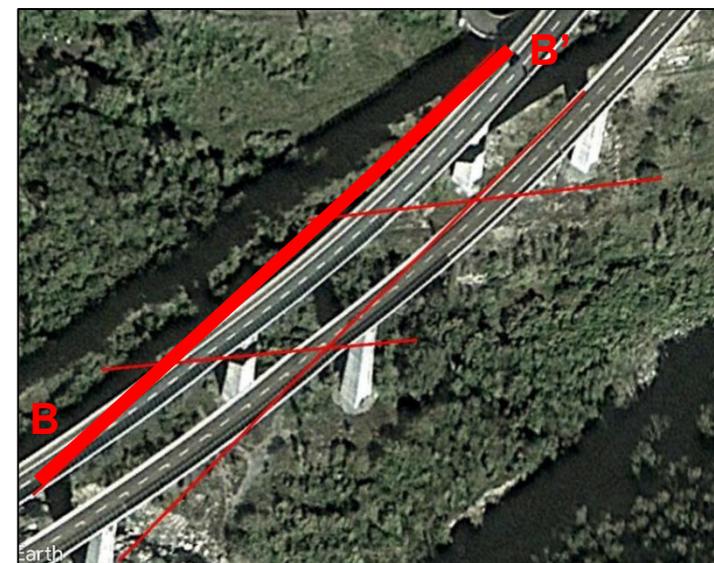

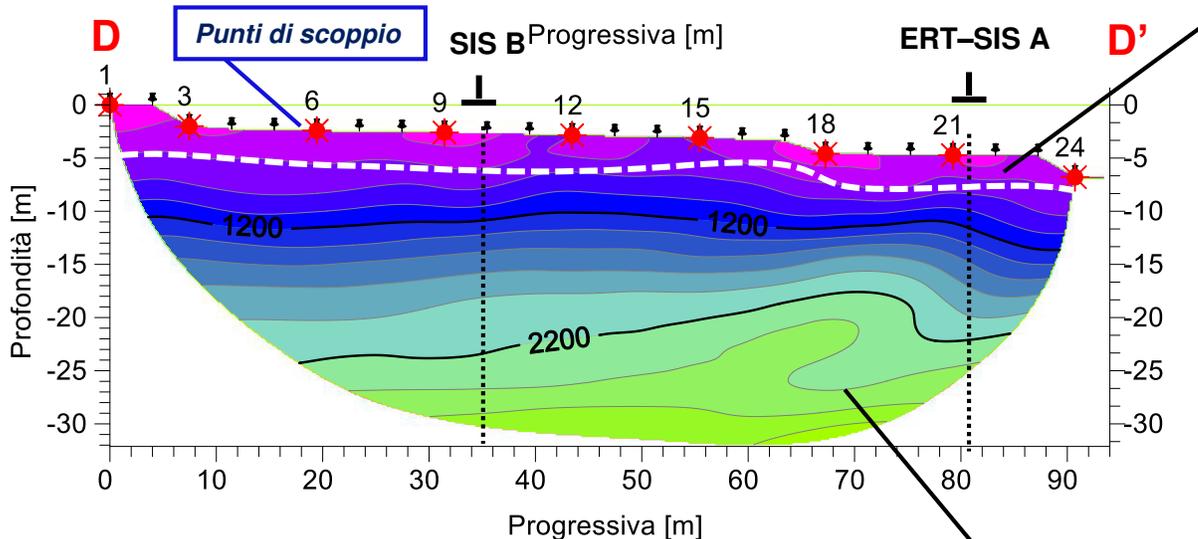

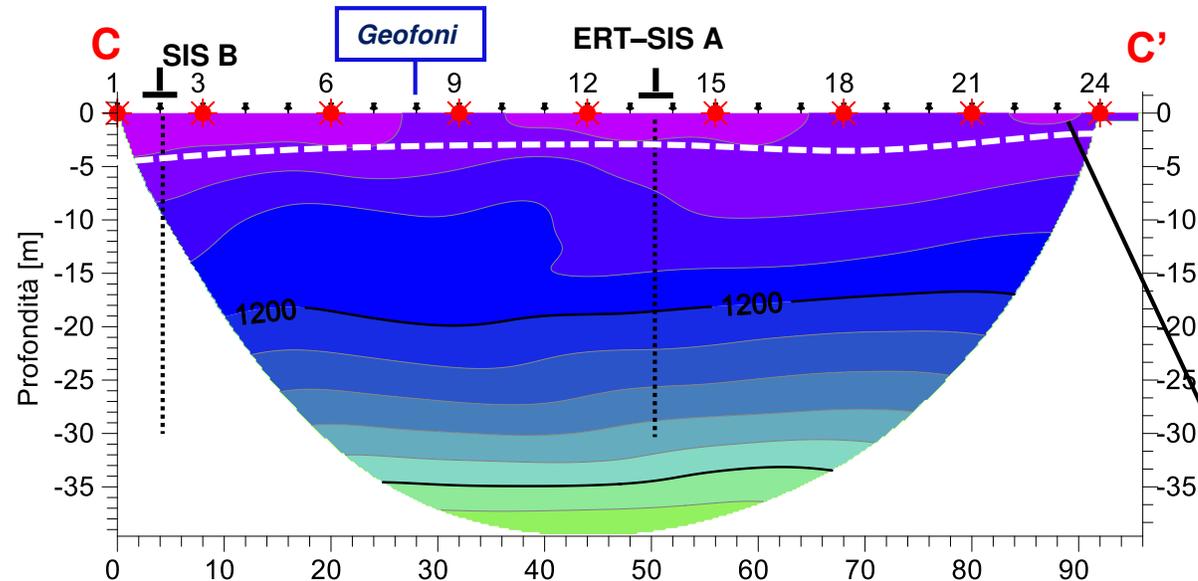

Depositi grossolani (ghiaie e trovanti in matrice sabbiosa) con grado di addensamento crescente con la profondità

Depositi glaciali
depositi morenici con lenti limose addensati

Scala colori – Velocità onde di compressione

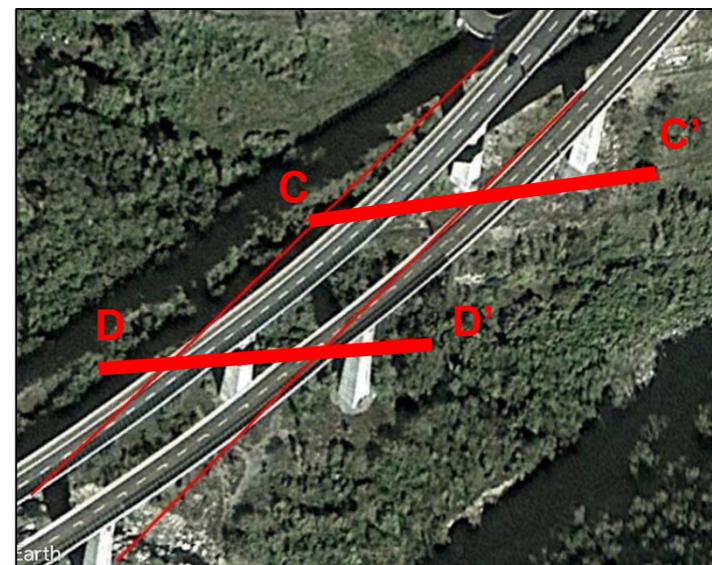

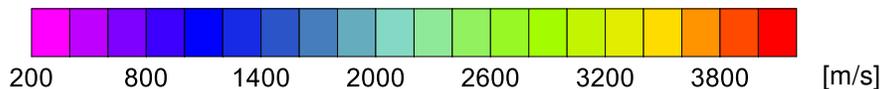

SEZIONI GEOSISMICHE C-C' E D-D'

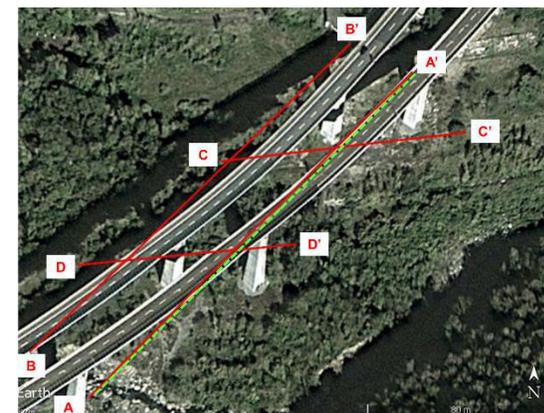

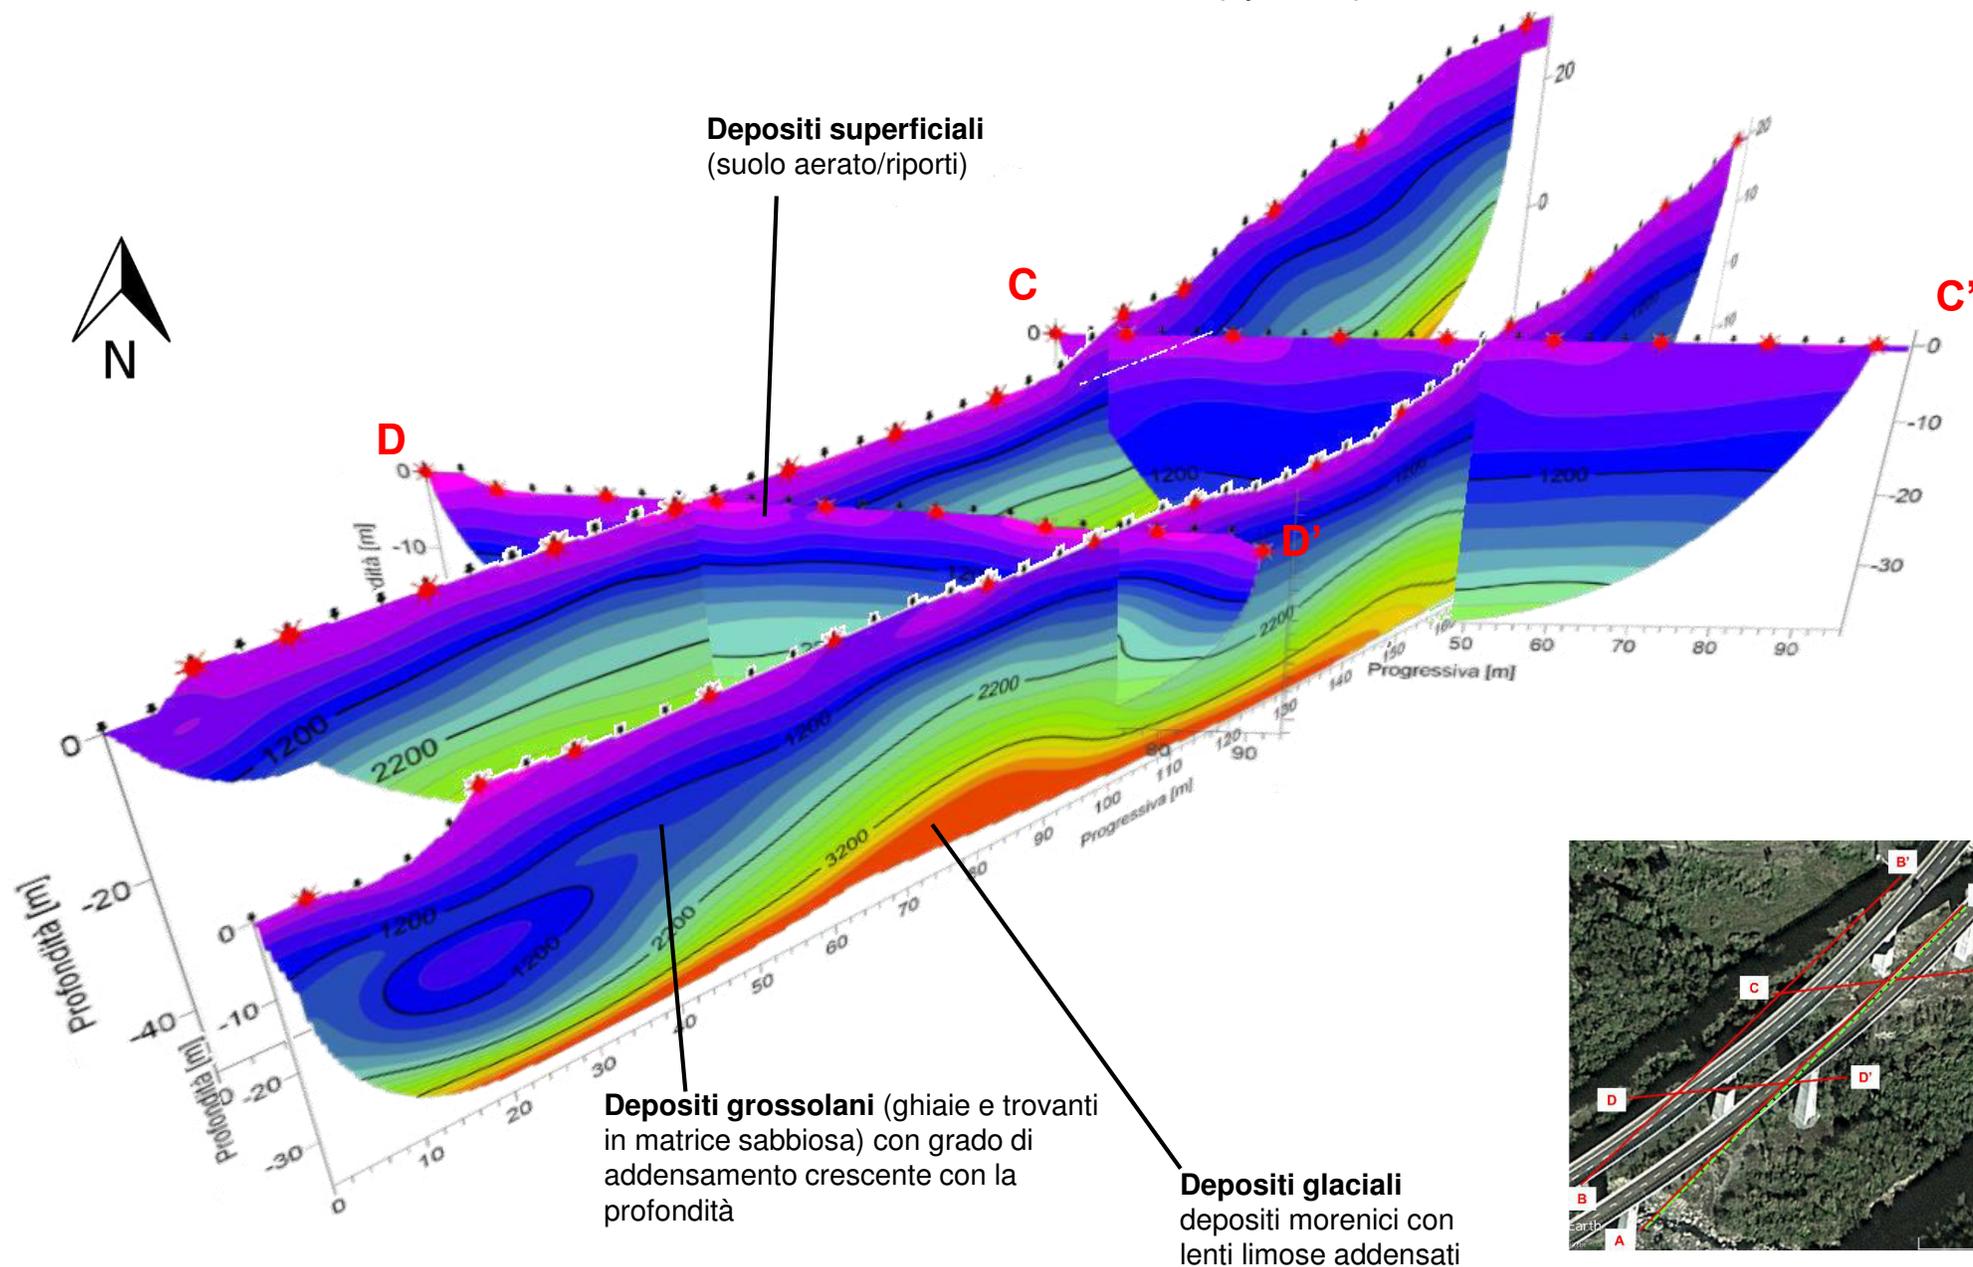

Depositi superficiali
(suolo aerato/riporti)

Depositi grossolani (ghiaie e trovanti
in matrice sabbiosa) con grado di
addensamento crescente con la
profondità

Scala colori - Velocità onde di compressione

PROIEZIONE 3D DELLE SEZIONI GEOSISMICHE (Vp in m/s)

DOCUMENTAZIONE FOTOGRAFICA INDAGINI GEOFISICHE
