

LEGENDA

UNITA' GEOLOGICHE

- a' - ALLUVIONI ATTUALI E RECENTI - Depositi prevalentemente ghiaiosi e ciottolosi, non alterati, in matrice sabbiosa, appartenenti agli alvei attivi ed abbandonati. Si presentano sempre affioranti. OLOCENE INF.
- a'' - ALLUVIONI ANTICHE - Depositi fluviali e fluvio-glaciali sabbiosi, terrazzati, non alterati, costituiti in prevalenza da ghiaie ciottolose e sabbiose con ridotta copertura ghiaia-bruna. Si presentano da affioranti a sub-affioranti. OLOCENE INF.
- fg'' - FLUVIOGLACIALE WURM-RISS - Depositi di origine fluvio-glaciale appartenenti al livello fondamentale della pianura, costituiti da ghiaie e ciottoli in matrice sabbiosa con tendente strato di alterazione bruno-giallastro e copertura vesiciale sabbioso-limoso con spessore non superiore ai metri. PLEISTOCENE SUP.-PLEISTOCENE MEDIO
- fg' - FLUVIOGLACIALE RISS - Depositi fluvio-glaciali costituiti da ghiaie alterate in matrice sabbiosa limosa con lenti sabbioso-argillose. Tali depositi, formati un sito del esteso sistema di terrazzi che si ricordano con le cariche minerali rosate e sono ricoperti da un paleosuolo essenzialmente argilloso di colore rosso-arancio che presenta inclusioni di ciottoli silicificati alterati. PLEISTOCENE MEDIO
- C - COLTURE DI ALTERAZIONE - Colture di alterazione indifferenziate

Limite geologico di separazione tra le diverse Unità
 Limite geologico di separazione tra le diverse facies litologiche

GRUPPI GRANULOMETRICI PRINCIPALI

- C - Ciottoli
- G - Ghiaie
- S - Sabbie
- L - Limi
- A - Argille

LITOFACIES DOMINANTI*

- G + S + C - Ghiaie sabbiose con ciottoli
- G + S - Ghiaie sabbiose e sabbie ghiaiose
- G + S - Alteranze di ghiaie sabbiose e sabbie ghiaiose
- G + S + C + L - Ghiaie e ciottoli in matrice limoso-sabbiosa
- G + S + L - Ghiaie in matrice limoso-sabbiosa
- L + S - Limi sabbiosi e sabbie limose
- L + S - Alteranze di limi sabbiosi e sabbie limose
- L + S + A - Limi sabbiosi argillosi e sabbie limose argillose
- G + S + L - Alteranze di livelli sabbiosi limosi e livelli sabbiosi

ELEMENTI ANTROPICI

- Terreno di riporto, terrapieno, rilevato stradale o ferroviario

INDAGINI PREGRESSE

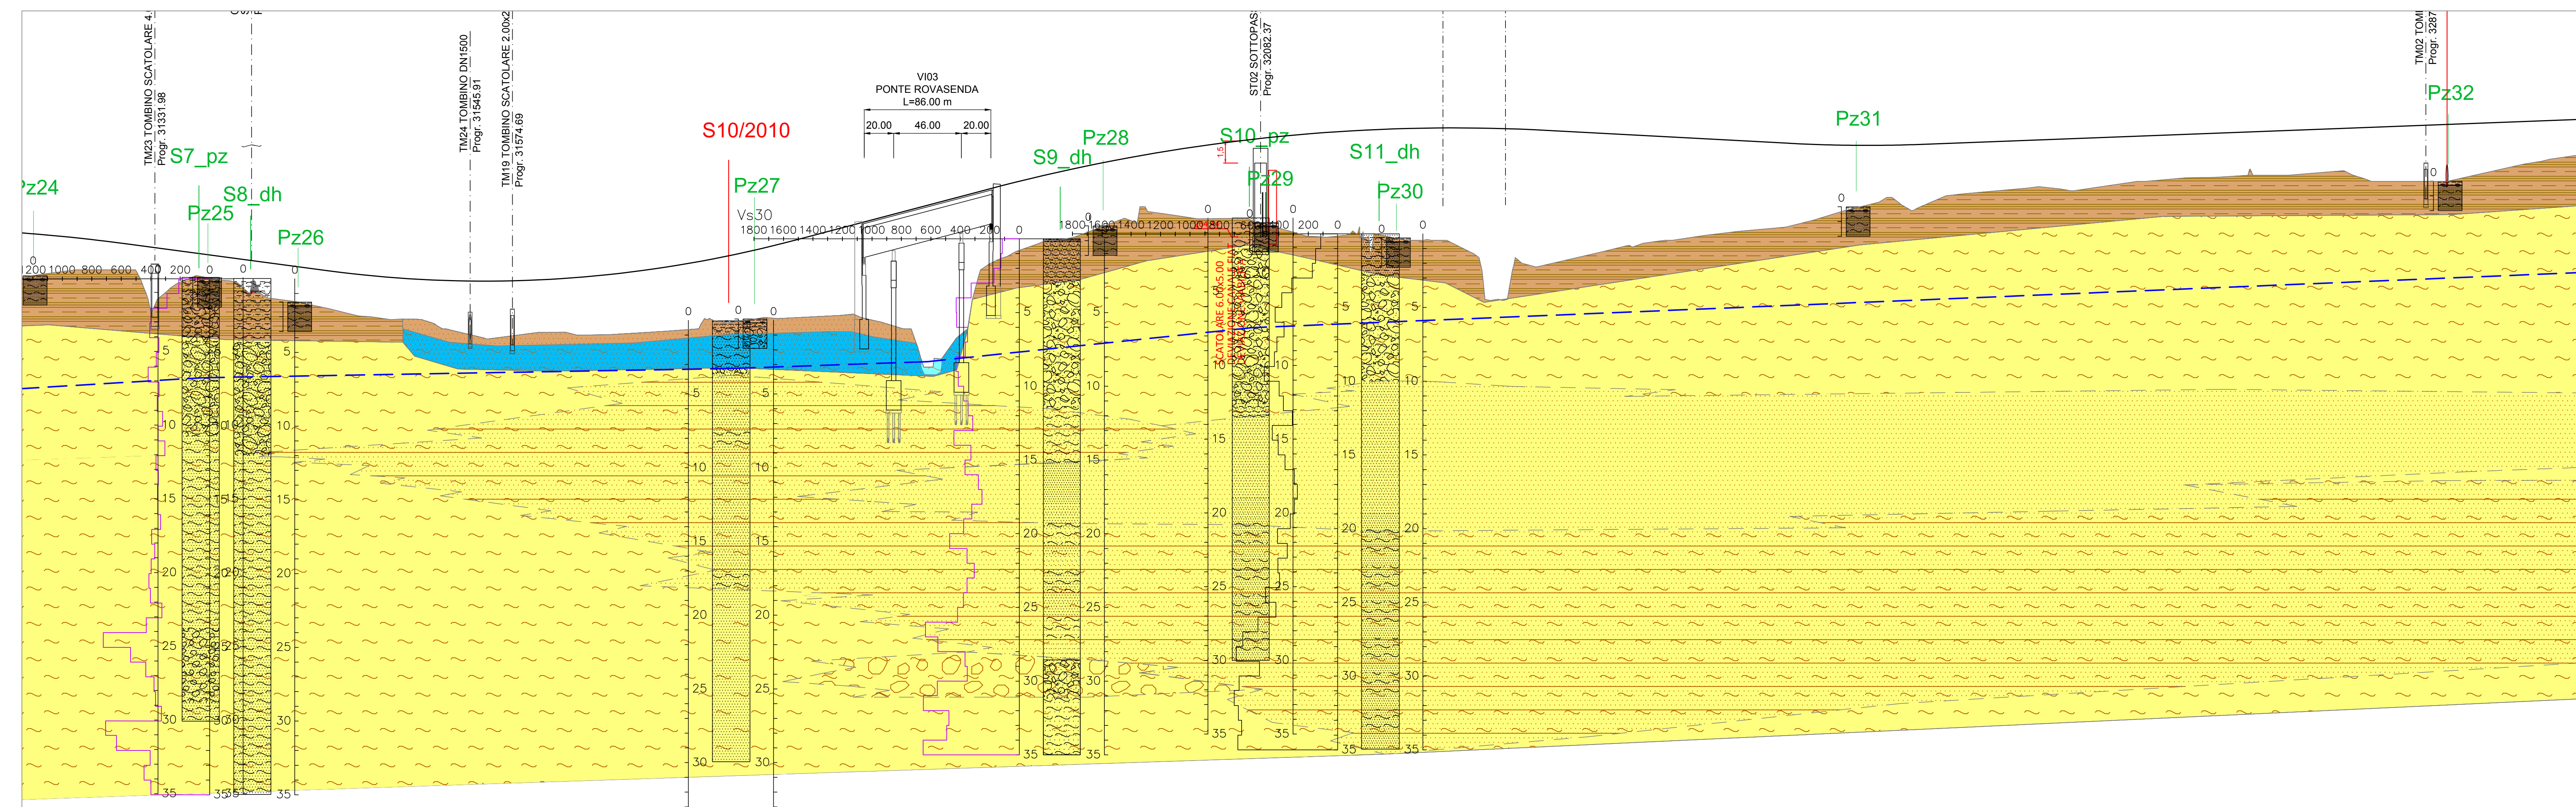

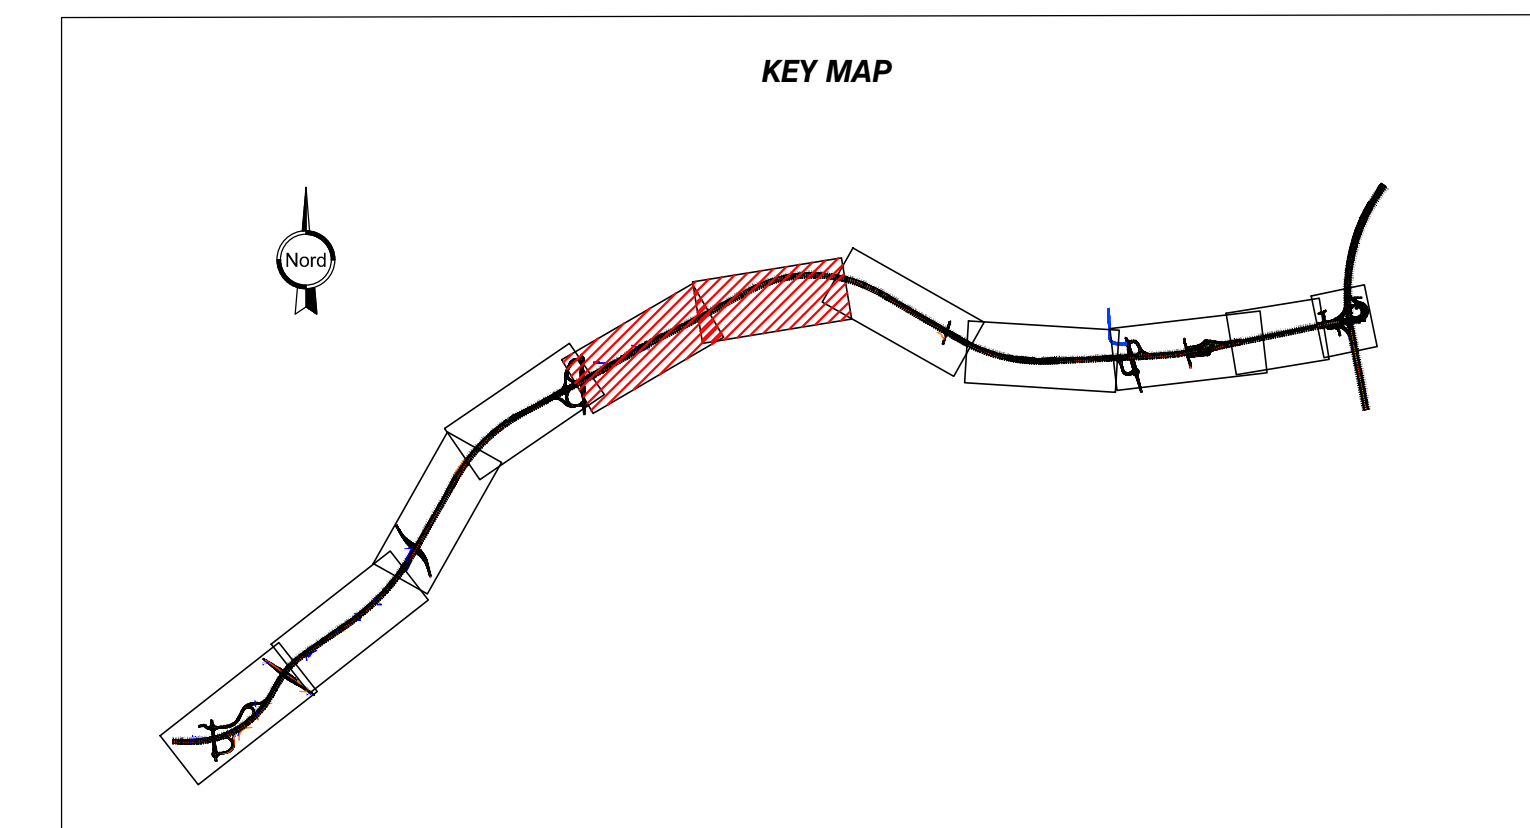

- S1 Sondaggio geognostico - anno 2009
- SS1 Indagine sismica a rifrazione - anno 2009
- S1/2010 Sondaggio geognostico - anno 2010

INDAGINI ANNO 2017

- S1_dh Sondaggio geognostico con indagine downhole
- S1_pz Sondaggio geognostico con piezometro
- Pz1 Pozzetto geognostico
- BS3 Indagine sismica a rifrazione

ELEMENTI LITOGEOLOGICI

- Andamento ipotizzato della linea superficiale (Rilevi piezometrici 2009-2010 e 2017)

QT.RIF. 196.50
