| <p>The diagram shows a cross-section of a road ramp. The vertical axis represents elevation, with labels at 200 and 200. The horizontal axis represents distance, with labels at 7 and 200. The profile starts at an elevation of -30.00 and rises to a peak of 19.511. A slope of 2.50% is indicated. Various layers are shown below the ground level, including scavo, bitume, fondazione, and vegetale.</p> |                                                                                                                          |
