PROFILI LONGITUDINALI PROGETTO

PROFILO LONGITUDINALE - Tavola 23/40

A wide-angle photograph of a rural landscape. In the foreground, there's a dirt road curving through a field with some sparse vegetation. To the left, a small cluster of buildings with red roofs sits atop a hill. The background consists of rolling green hills under a clear blue sky.

A wide-angle photograph of a modern residential complex. The complex consists of several curved buildings with light-colored facades and dark roofs. The buildings are surrounded by green landscaping, including trees and shrubs, and paved walkways. The overall architectural style is contemporary and organic, with smooth curves and a focus on outdoor spaces.

A wide-angle photograph showing a dense carpet of fallen leaves covering the ground in a forest. In the background, tall evergreen trees stand against a bright sky. The foreground is dominated by the dark, textured surface of the leaf litter.
