

INQUADRAMENTO SU CARTA NATURA ISPRA - CARTA DEGLI HABITAT

Scala 1:75000

Legend and detailed descriptions for various habitat types. It includes codes like 'S1111', 'S1120', 'S1130', etc., and their corresponding EUNIS codes. Each entry provides a brief description of the habitat and its characteristics.

Main table with 12 columns and 12 rows. Each cell contains a detailed description of a specific habitat type, including its scientific name, EUNIS code, and a list of associated species. The table is organized into a grid for easy reference.

Project information and branding for 'RUOTIENERGIA'. It includes the company logo, contact details, project location (Piazza del Grano 3, 1-39100 Bolzano (BZ)), and a list of project milestones with dates. There are also several official stamps and signatures.
