

Legenda carte geologiche (A e B)

SISTEMA DI CAPO FLUA
 - S1: Silti e argille microporose argillose (M2), limi sabbioso-argillosi e "sabbie" di Monte Giulio, sabbie e limi argillosi e sabbie argillose, sabbie microporose (M3), sabbie di sabbie e di sabbie argillose (M4), sabbie microporose (M5), sabbie microporose (M6), sabbie microporose (M7), sabbie microporose (M8), sabbie microporose (M9), sabbie microporose (M10), sabbie microporose (M11), sabbie microporose (M12), sabbie microporose (M13), sabbie microporose (M14), sabbie microporose (M15), sabbie microporose (M16), sabbie microporose (M17), sabbie microporose (M18), sabbie microporose (M19), sabbie microporose (M20), sabbie microporose (M21), sabbie microporose (M22), sabbie microporose (M23), sabbie microporose (M24), sabbie microporose (M25), sabbie microporose (M26), sabbie microporose (M27), sabbie microporose (M28), sabbie microporose (M29), sabbie microporose (M30), sabbie microporose (M31), sabbie microporose (M32), sabbie microporose (M33), sabbie microporose (M34), sabbie microporose (M35), sabbie microporose (M36), sabbie microporose (M37), sabbie microporose (M38), sabbie microporose (M39), sabbie microporose (M40), sabbie microporose (M41), sabbie microporose (M42), sabbie microporose (M43), sabbie microporose (M44), sabbie microporose (M45), sabbie microporose (M46), sabbie microporose (M47), sabbie microporose (M48), sabbie microporose (M49), sabbie microporose (M50), sabbie microporose (M51), sabbie microporose (M52), sabbie microporose (M53), sabbie microporose (M54), sabbie microporose (M55), sabbie microporose (M56), sabbie microporose (M57), sabbie microporose (M58), sabbie microporose (M59), sabbie microporose (M60), sabbie microporose (M61), sabbie microporose (M62), sabbie microporose (M63), sabbie microporose (M64), sabbie microporose (M65), sabbie microporose (M66), sabbie microporose (M67), sabbie microporose (M68), sabbie microporose (M69), sabbie microporose (M70), sabbie microporose (M71), sabbie microporose (M72), sabbie microporose (M73), sabbie microporose (M74), sabbie microporose (M75), sabbie microporose (M76), sabbie microporose (M77), sabbie microporose (M78), sabbie microporose (M79), sabbie microporose (M80), sabbie microporose (M81), sabbie microporose (M82), sabbie microporose (M83), sabbie microporose (M84), sabbie microporose (M85), sabbie microporose (M86), sabbie microporose (M87), sabbie microporose (M88), sabbie microporose (M89), sabbie microporose (M90), sabbie microporose (M91), sabbie microporose (M92), sabbie microporose (M93), sabbie microporose (M94), sabbie microporose (M95), sabbie microporose (M96), sabbie microporose (M97), sabbie microporose (M98), sabbie microporose (M99), sabbie microporose (M100).

Legenda carte geologiche (C e D)

SISTEMA DI BORGOMARE
 - B1: Silti e argille microporose argillose (M2), limi sabbioso-argillosi e "sabbie" di Monte Giulio, sabbie e limi argillosi e sabbie argillose, sabbie microporose (M3), sabbie di sabbie e di sabbie argillose (M4), sabbie microporose (M5), sabbie microporose (M6), sabbie microporose (M7), sabbie microporose (M8), sabbie microporose (M9), sabbie microporose (M10), sabbie microporose (M11), sabbie microporose (M12), sabbie microporose (M13), sabbie microporose (M14), sabbie microporose (M15), sabbie microporose (M16), sabbie microporose (M17), sabbie microporose (M18), sabbie microporose (M19), sabbie microporose (M20), sabbie microporose (M21), sabbie microporose (M22), sabbie microporose (M23), sabbie microporose (M24), sabbie microporose (M25), sabbie microporose (M26), sabbie microporose (M27), sabbie microporose (M28), sabbie microporose (M29), sabbie microporose (M30), sabbie microporose (M31), sabbie microporose (M32), sabbie microporose (M33), sabbie microporose (M34), sabbie microporose (M35), sabbie microporose (M36), sabbie microporose (M37), sabbie microporose (M38), sabbie microporose (M39), sabbie microporose (M40), sabbie microporose (M41), sabbie microporose (M42), sabbie microporose (M43), sabbie microporose (M44), sabbie microporose (M45), sabbie microporose (M46), sabbie microporose (M47), sabbie microporose (M48), sabbie microporose (M49), sabbie microporose (M50), sabbie microporose (M51), sabbie microporose (M52), sabbie microporose (M53), sabbie microporose (M54), sabbie microporose (M55), sabbie microporose (M56), sabbie microporose (M57), sabbie microporose (M58), sabbie microporose (M59), sabbie microporose (M60), sabbie microporose (M61), sabbie microporose (M62), sabbie microporose (M63), sabbie microporose (M64), sabbie microporose (M65), sabbie microporose (M66), sabbie microporose (M67), sabbie microporose (M68), sabbie microporose (M69), sabbie microporose (M70), sabbie microporose (M71), sabbie microporose (M72), sabbie microporose (M73), sabbie microporose (M74), sabbie microporose (M75), sabbie microporose (M76), sabbie microporose (M77), sabbie microporose (M78), sabbie microporose (M79), sabbie microporose (M80), sabbie microporose (M81), sabbie microporose (M82), sabbie microporose (M83), sabbie microporose (M84), sabbie microporose (M85), sabbie microporose (M86), sabbie microporose (M87), sabbie microporose (M88), sabbie microporose (M89), sabbie microporose (M90), sabbie microporose (M91), sabbie microporose (M92), sabbie microporose (M93), sabbie microporose (M94), sabbie microporose (M95), sabbie microporose (M96), sabbie microporose (M97), sabbie microporose (M98), sabbie microporose (M99), sabbie microporose (M100).

REGIONE SICILIANA
Comune di Trapani
 Libero Consorzio Comunale di Trapani

PROGETTO DEFINITIVO

PROGETTO DI UN IMPIANTO AGRO-FOTOVOLTAICO COLLEGATO ALLA RTN CON POTENZA NOMINALE DC 40.111,50 kWp e POTENZA NOMINALE AC 33.000 kW DA REALIZZARSI NEL COMUNE DI TRAPANI (TP) - C/DA PALAZZEDDO

Elaborato:	CARTA GEOLOGICA		
Tavola:	Disegnato:	Approvato:	Rilasciato:
B.1.17	Scala: Vari	AP ENGINEERING	AP ENGINEERING
	Progetto:	Foglio 1051x594	Prima Emissione
IMPIANTO KINISIA 4	Data:	Committente:	
	19/10/2022	GREEN FIFTEEN S.R.L. Via Augusto Righi, 7 - 37135 Verona (VR)	
Cantiere:	Progettista:		
TRAPANI C/DA PALAZZEDDO
