Table with 2 columns: 'N. Sezione' and 'Quota' (elevation). It lists various geological units and their corresponding elevations along the profile.

Table titled 'INTERFERENZE COPERTURE (m)' showing the relationship between different geological units. It includes columns for 'Formazione', 'Categorie', and 'Spessore (m)'. Below the table are three circular diagrams showing the orientation of the geological units in different directions.

Table titled 'FASE CONOSCITIVA IDROGEOLOGICA' showing the hydrogeological characteristics of the units. It includes columns for 'Formazione', 'Categorie', 'Tipo di litologia', 'Permeabilità (m/s)', and 'Stato degli afflussi in fase di scavo'.

Table titled 'LEGENDA' and 'COMPLESSO IDROGEOLOGICO'. It defines the symbols for different geological units and their hydrogeological characteristics. It includes a 'GRADO DI PERMEABILITÀ (m/s)' scale and a 'TIPO DI PERMEABILITÀ' scale.

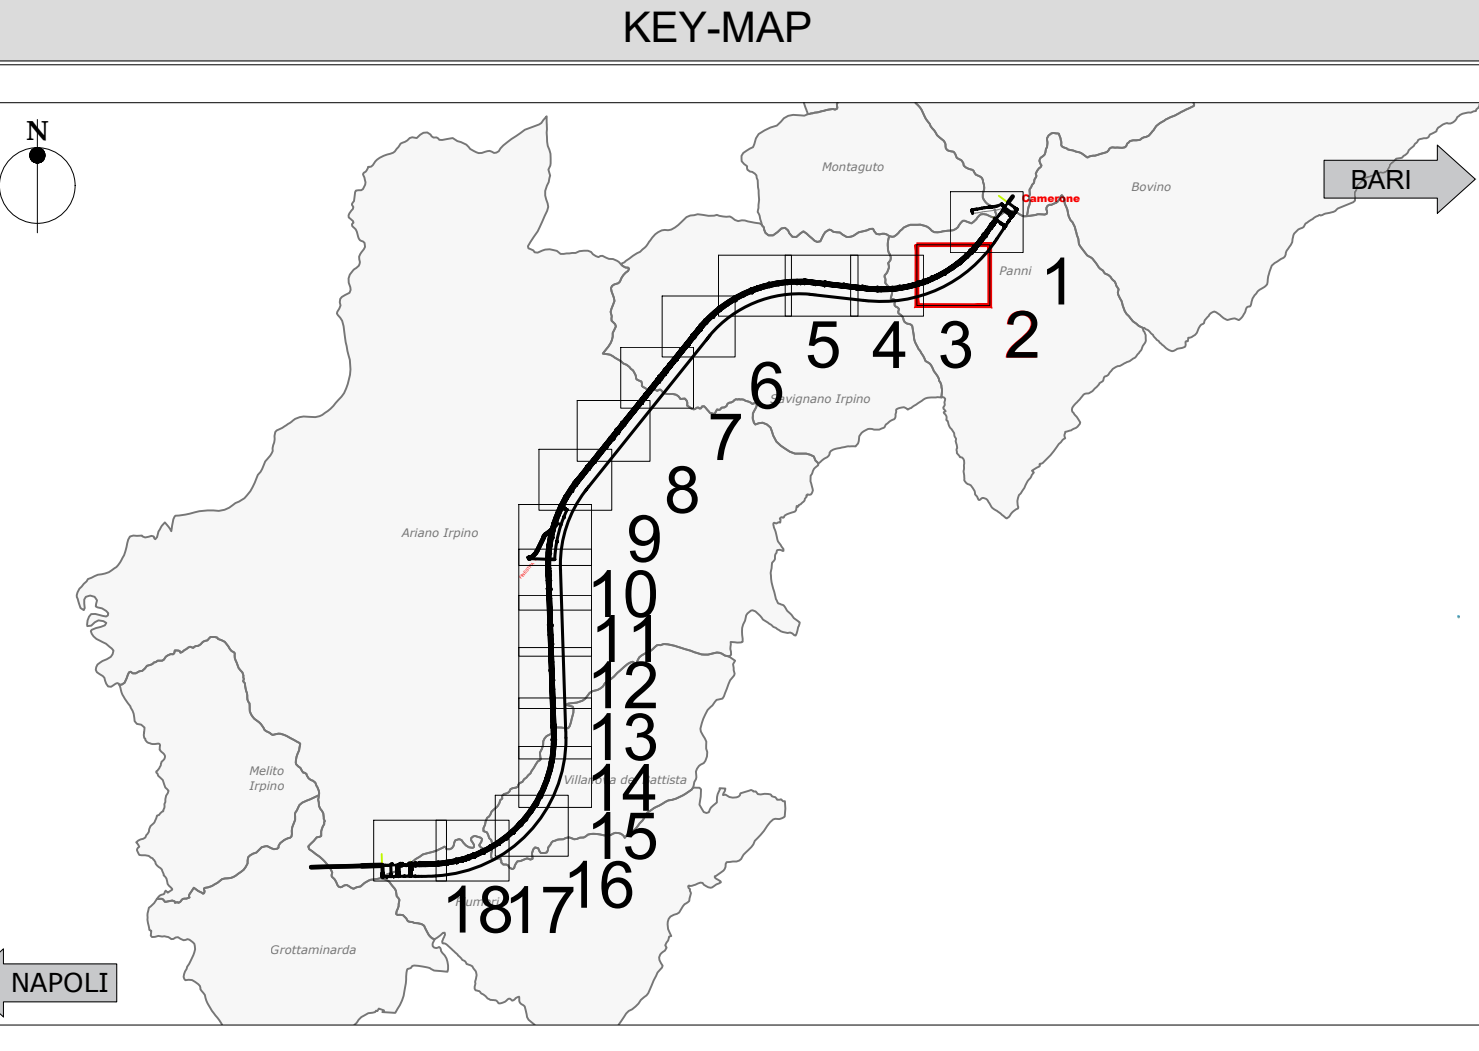

Table titled 'COMPLESSI DELLE UNITÀ DEL SUBSTRATO'. It lists various geological units and their hydrogeological characteristics, including permeability and storage coefficients.

Table titled 'COMPLESSO calcareo-marnoso'. It lists various geological units and their hydrogeological characteristics, including permeability and storage coefficients.

Table titled 'COMPLESSO calcareo-sabbioso'. It lists various geological units and their hydrogeological characteristics, including permeability and storage coefficients.

Table titled 'COMPLESSO gessoso-marnoso'. It lists various geological units and their hydrogeological characteristics, including permeability and storage coefficients.

LEGENDA INDAGINI GEOGNOSTICHE. This section contains legends for 'INDAGINI PREGRESSE' (previous investigations) and 'INDAGINI GEOGNOSTICHE PE' (hydrogeological investigations). It includes symbols for different types of investigations and their results.

Project information section including 'COMMITTENTE' (client), 'DIREZIONE LAVORI' (contractor), 'APPALTATORE' (contractor), 'PROGETTAZIONE' (designer), and 'PROGETTO ESECUTIVO' (executive project). It also includes a table with project details and a signature block.
